Designer home in sought after level location

This stunning home has a restful ambience providing the loveliest cosy family home, offering grand proportions with glamorous features and premium finishes. The quality of this master build has succeeded in its quest for excellence. The owners have valued quality, space, luxury and relaxed easy living when they were designing and building this very impressive residence. With sophisticated living areas featuring full length glass, oak flooring, burnished concrete floors, wood fire and soaring vaulted ceilings that all spill to the outdoor tropical gardens and quaint separate studio.

The kitchen definitely has the wow factor featuring open plan living, gorgeous stone benchtops and unique island bench, high end appliances, walk in pantry and a cellar that includes wine fridges. The cellar is cleverly situated near the kitchen and is complemented by bronzed handmade doors. There's a lift, which future proofs the home but you can completely live on the ground level if you wish. Everything has been thought of with the inclusion of a large gymnasium, media room and night bar/micro brewery.

Peacefully placed in a level sought after location approximately 400m to Kendalls Beach and 250m to cafes and shops. This home is a wonderful family home, holiday escape or a whisper quiet private place to retire to.

- Gorgeous near new residence on level block with high-end finishes throughout
- Burnished concrete floors, glass + timber elements, internal lift, wood fire
- Majestic main living plus media room, lounge, gym and outdoor studio/office
- Two beautiful alfresco entertaining options, sunny backyard and tropical gardens
- High-spec kitchen featuring gorgeous stone benches and breakfast island
- Retreat-style full master quarters overlooking gardens with incredible ensuite & WIR
- Micro-brew bar, custom wine cellar, A/C throughout, DLUG with workshop area
- Approx. 400m to the sparkling water of Kendalls Beach and 250m to cafes and shops
