Panoramic Perfection On Top of Buderim

Perched high and on one of Buderim's most desirable cul-de-sac streets, this architecturally designed home offers breathtaking views out to the coastline and beyond. A home that has been loved, you can tell that every detail has been meticulously crafted to seamlessly connect with its breathtaking surroundings, thus making it the ultimate retreat for those seeking a luxurious and serene way to live.

The heart of the home is the upstairs open-plan kitchen, living and dining area. Bathed in natural light, the floor-to-ceiling windows beautifully frame the space. Cook and entertain with nature as your backdrop, with picturesque manicured gardens to one side and ocean views to the other. The chef style kitchen features ample storage and bench space which connects to an outdoor entertaining area fitted with built-in BBQ. The home has been seamlessly designed to integrate dining with the living areas, making it perfect for both intimate family moments and grand entertaining.

Oversized in every sense of the word, the luxurious master suite needs to be seen to be appreciated. Complete with a large walk-in wardrobe, dual vanities, shower, and spa-inspired bathtub with views to the gardens, unwinding of an evening or gearing up for big days will be a breeze. Upstairs also features two additional large bedrooms with built-in wardrobes, fans, and a gorgeous balcony perfect for taking in the coastal breezes, ocean views and natural light. The main bathroom is modern, incredibly spacious and will make living effortless for the whole family.

Outside, the magic continues with multiple outdoor living areas and a resort-style pool surrounded by lush tropical gardens. These alfresco spaces are ideal for everything from tranquil mornings to lively sunset gatherings. Get lost in the magical garden as the path leads you right to the back of the block, turn around and you'll experience one of the best views in Buderim.

Downstairs the home features a multi-purpose room perfect as a secondary living space, a peaceful working from home space, or for storing the extra bodies (family and friends) the home is bound to attract. This space flows effortlessly out to a resort style pool where you'll feel like you're poolside at The Calile, thus making entertaining and everyday living a breeze. A secure double lock-up garage, powder room, and separate laundry room round out the home beautifully.
