**Type: House**

## CHARACTER MOSSMAN HOME

Find yourself in the heart of Mossman with this character home located in easy walking distance to most amenities.

With its handy location to both the primary and secondary schools, the bowls club, Woolworths, the main street and Mossman Gorge, this property has a lot to offer.

Tucked privately away behind a mature screen of plants, this rustic Queenslander home has great bones and offers plenty of potential for the right owner.

Dual timber and glass front doors open wide into the main living and dining area that features easy-care flooring and louvre windows.

A large servery-style window connects the living area to the kitchen with its feature timber benchtop, gas/electric oven, open shelving and an interconnected storage space that also houses the laundry.

All three bedrooms are spacious, complemented by their high ceilings. The master bedroom also features air conditioning and a ceiling fan.

An additional oversized room could act as a fourth bedroom, second lounge, games room or multi-purpose space, depending on your needs.

Completing the offering inside is the bathroom with its full-sized bath and over-bath shower.

Outside, the fully fenced back yard makes up a good portion of the generous 890m<sup>2</sup> block that offers a mix of lawns and gardens.

And for your vehicles, the double length carport will keep them protected from the elements.

With its great potential this property has a lot to offer from renovations to improvements or personalisation to suit your needs.
