Low Maintenance Living

With all of the conveniences of Denmark just a short walk away, this solar passive three bedroom home makes the ideal low maintenance town house. Planned to perfection the home sits on a 510sqm block, with undercover parking and storage space on the ground floor, and then both an internal and external staircase leading to the main level. Consisting of three good sized bedrooms with built in robes, two bathrooms compliment the home, while the open plan living area is extremely spacious with dining and lounge space and a beautiful "Against The Grain" kitchen. Timber floors, high ceilings, and quality fittings throughout make this a high end home to replace, and with all of the landscaping and gardens presented immaculately this is a great opportunity to secure an in town residence, with nothing to do but turn the key. Leased privately until the end of March 2025, inspections are by appointment only. Please contact Andrew Barrow on 0409081075 for further details.
