Sunlit Family Haven with Northerly Aspect and Entertainer's Delight

Elegantly crafted over two levels, this modern home enjoys a prized northerly aspect and offers a superb family lifestyle with immaculate interiors and generous living spaces.

Nestled in a delightfully quiet pocket, it is surrounded by the beauty of Henley Park and just steps from Enfield Aquatic Centre, popular schools, and city buses. The home features four sun-filled bedrooms with built-in wardrobes, including an oversized main bedroom with a walk-in robe and ensuite. At the front is a formal living area, while the rear boasts an open-plan family room and dining area with direct flow to a full-width undercover terrace and backyard - ideal for year-round entertaining. A chef's Caesarstone kitchen with quality appliances, a walk-in pantry, and a pristine main bathroom with a separate third WC complete the home.

Additional highlights include a study area, abundant storage, ducted air conditioning, landscaped gardens, and internal access to an automatic garage, along with secure parking for two extra cars.
