Taking In The Views

Price is a big factor when buyers are considering a purchase.

Hence we have worked closely with the vendor's to bring 45 Bay Street Tathra to the market at a fair price.

A solidly built, 3 bedroom, 1 bathroom home on a large 676sq mt block.

Great location with terrific ocean views from the lounge & kitchen.

Hidden below the floor coverings are timber floor boards ready for a polish.

Main bedroom is large enough to fit an ensuite bathroom in the corner.

Outside a big yard and up the back a good sized shed.

Carport beside the house.

Ready for a renovation but certainly very livable now.
