Polish, Presentation & A Gate To The Park

More than accommodating, more than entertaining, this is great family living with Dingley Village's biggest "backyard" ...and more! Designed to fit a big busy family with large formal lounge-dining plus an entertaining family zone, this four bedroom, two bathroom home offers more at every turn with a separate work-from-home-office (or teenagers' retreat) beyond an entertainer's courtyardand a gate to a "secret" local reserve extending the backyard in to the great outdoors!

Right at the heart, the newly renovated, stylish entertainer's kitchen showcases waterfall stone on a generous size bench along with quality appliances including induction stovetop and ample storage. Additionally, more style follows with a designer main bathroom (with semi-freestanding bath), all central bedrooms provide great size and storage with built-in robes plus in the master offers a walk-in-robe and modern and fresh ensuite. Offered centrally is a heating and cooling system, separate ducted heating, bedroom fans, split-system air-conditioning and an alarm! – every turn is lit up with natural light with skylights throughout the home!

But it's the outdoors where you'll really find more to adore with plentiful parking including a double carport, a state-of-the-art woodfire pizza oven, a fruitful vegie patch... and schools, shops and buses in addition to your own "private" park!
