AFFORDABLE HOME - GREAT POTENTIAL

This three-bedroom home presents an excellent opportunity for buyers seeking an entry-level property with plenty of scope for improvement. While in need of some updates, the home offers a practical layout, making it a fantastic option for renovators or those looking to add value.

The galley-style kitchen is conveniently positioned next to the living room, which is located at the rear of the house for privacy. High ceilings create a sense of space, and the home is equipped with evaporative air conditioning, ceiling fans, and a wood heater to ensure year-round comfort.

Situated on a generous 892sqm block, the property features a well-fenced yard with rear access via Black Street, providing ample space for outdoor activities or future extensions. Additional features include a carport and a storage area, along with a screened rear room that could be transformed into a functional outdoor living space.

With a little effort and vision, this property could be transformed into a comfortable home or a solid investment. Don't miss this chance to secure an affordable home in a convenient location with plenty of potential.
