Set on an expansive 1,707sqm block, this stunning Hotondo-built home offers an unparalleled blend of space, style, and practicality. With five generously sized bedrooms, the master suite includes a walk-in robe and ensuite, while the other bedrooms offer built-in wardrobes. The fifth bedroom is extra-large and versatile, doubles as a media or games room, providing additional living options. The air-conditioned open-plan living area flows seamlessly into the informal meals area and modern kitchen boasting ample bench space, a corner pantry, and a large island perfect for casual meals. The living space opens onto a sprawling rear deck, ideal for entertaining or hosting family gatherings. The beautifully landscaped low maintenance garden with native plants is fully fenced and features a luxurious heated inground pool, surrounded by polished concrete, installed in 2023, making it the centrepiece for summer fun. Tradespeople, hobbyists, or home business owners will love the extra-large freestanding double garage (with its own vehicle access via a council lane). Attached to the garage is a teenager's retreat with a bathroom and kitchenette, that could also be used as a home office, games room or home gym. A second garage at the front of the property provides additional convenience with internal access to main home.
