\$850,000 - \$890,000

What an opportunity to purchase a unique home with so much character and charm, and a one of a kind property you can make your own! Positioned in a leafy and peaceful part of Wyoming, and just a few minutes to Narara train station, M1 local schools, shops and amenities, the location is just ideal. What will first grab your attention, are the huge glass windows that give you a peak into the character of this home. From inside these windows allow you to have the most glorious of views, looking towards Blackwall mountain and the CBD of Gosford. Imagine relaxing on the balcony, or better still next to the log burner watching the sunset. Or from the main bedroom, wake up to the alluring colours of the morning sky. Inside there's a flexible layout with break out zones, especially upstairs which has been designed so you can live very open plan, or also have separation. However, there is lots of potential to put your own stamp on the property. In total there's three bedrooms, two bathrooms, and a glorious open plan kitchen, living and dining area. An added bonus is the garage/workshop underneath which has it's own bathroom (3rd). This could easily be put back to a garage as the roller door is still in place and working, however, perhaps you need a home office, studio or even teenager retreat. Outside there are nice gardens for the kids and pets and even an area ideal for a firepit which encompasses the views! There's also off street parking, and also plenty of on street parking. Other features:- NBN- Gas - Air conditioning. Be sure to inspect the home in person to appreciate the character, charm and cool vibe!
