If you are looking for a home that sits with the perfect blend of amenity and comfort then here it is. The Delacombe Town Centre is close by, along with the Indoor Tennis Centre and all the required school bus loops and the hubbub of Sebastopol.- This wonderfully built home greets you with a wide entrance and a light filled living space.- The living area is open with the dining and the kitchen with sliding door access into the rear yard.- The appointments are high quality 900mm stainless and there is a pantry for both storage and fridge space.- The master bedroom offers a large WIR and functional ensuite along with split system cooling.- There are three more bedrooms with BIR's that are serviced by a central well-appointed bathroom.- A separate toilet and laundry with additional storage complete this accommodating floorplan.- The home has gas central heating along with two split system heating and cooling units – one in the master and the other in the main living area.- There is a lovely landscaped back yard with irrigation system fitted and access into the single lock up garage.
