## Award-winning architect-designed terrace house

An award-winning architect-designed house, this residence is constructed around an openable ground floor, with sliding panels transforming the home into a flowing haven of light and space, inspired by Mediterranean details and elements of Modernism, thoughtfully fused with Japanese principles. With its use of elevated mirrors providing an infinite perspective, it's an experience of fresh air and moments of sunlight, highlighting both the natural finishes and pops of vibrant colour. A unique, one-of-a-kind experience, and a mirage of great beauty in Chippendale's historic landscape of Victorian terraces.

- Glass walls to internal patio plus c/yard
- Natural sense of privacy & openness t/out
- Mirror walls expanding spatial boundaries
- Central communal kitchen, dine-in setting
- Custom joinery & stone-detailed benchtops
- Use of concrete surfaces & warm hardwood
- Bathroom w/ vibrant orange resin bathtub
- Walls of BIRs, study/bed2 w/ pull-down bed
- Master bedroom w/ north-facing balcony
- Conj. agent Renae Dickey 0423 598 573
