Beautifully Renovated Family Home

This beautiful three-bedroom, two-bathroom family home offers modern updates and ample space for comfortable family living. Extensively renovated in recent years, the property combines style, practicality, and thoughtful design touches throughout. Step inside to discover light-filled, open living areas that lead to a sleek kitchen featuring high-quality contemporary finishes. Each of the three bedrooms is generously sized and equipped with built-in wardrobes, while the two front bedrooms feature custom Screenaway blinds, allowing you to easily block out light for added comfort and privacy. With ducted air conditioning throughout, this home maintains a pleasant atmosphere year-round. The outdoor covered entertaining area is a standout feature, perfect for gatherings or relaxing in any weather. It's thoughtfully designed with durable outdoor-quality cabinets, providing ample storage, while pull-down shade blinds offer privacy and element protection, creating an ideal space to entertain family and friends. Outside, there is plenty of parking with a secure garage and additional carport. The garage includes direct access to a dedicated workshop area, perfect for hobbyists or DIY enthusiasts, along with convenient under-house storage. This home is ideal for families or anyone seeking a beautifully upgraded property in a fantastic location. It's a rare find, balancing style, comfort, and functionality with a host of thoughtful features.
