Coral Court - Relaxed Beachside Living With self Contained Studio

Located in the quiet sunny beachside neighbourhood of Dolphins Beach off Byron Bay resides this fully renovated and maintained beach-styled home on a generous 821m² block capturing the sunlit days and afternoons while surrounded by a lush private level backyard.

The home feels roomy and spacious with a brand newly renovated kitchen as the heart of the home, overlooking the courtyard and gardens.

The light filled kitchen comes with beautiful stone top benches, soft beach styled cabinetry and wall mounted Bosch oven and microwave ensemble.

A spacious open plan living and dining area is the central focus of the home with a real wood fire potbelly fireplace for those cosy winters.

The master bedroom faces towards the ocean capturing ocean breezes with walk in robe through to the ensuite.

Another two large bedrooms share a modern and roomy bathroom with raised bathtub.

Adjoining the home is a modest self contained studio for guests, as an added income on airbnb or just a great space for working from home.

The well thought out backyard garden is lush and private with an all weather tiled patio perfect for alfresco dining located just off the kitchen.

An 8 person spa is included in the sale also under cover and located amongst the lush garden setting.

A sleek level and fully renovated beachside property in a quiet location on a generous sized block close to town, this will make a great family home for the next owner.
