**Type: House**

## **A family upgrade in space and lifestyle!**

Grow happily ever after in a convenient family-oriented pocket with this big and spacious family home.

Rising over two floors with the luxury of three light-filled living areas, four generous-sized bedrooms (downstairs main bedroom with ensuite), three bathrooms and a large study for the home office worker, functional and flexible living is at the heart of this stately family upgrade.

Exposed brick walls add a sense of grandeur to the welcoming formal lounge and dining rooms on entry, while the impressive size and scale of the vast open-plan living domain allows it to function as the vibrant communal hub it's designed to be.

That essence of living by large proportions extends to the family-sized kitchen and sizeable outdoor entertaining area, which provides easy access to the grassed backyard, while a quiet retreat that shares the upstairs floorplan with two robed bedrooms and bathroom exudes versatility yet appears perfectly suited to a games haven for the kids.

Enjoying the benefits of split-system cooling, loads of storage, ample off-street parking and outstanding access to Templestowe Village, Macedon Square, Westfield Doncaster, recreational parklands, well-regarded schools, transport and the Eastern Freeway, welcome to your forever home!
