EASY DOES IT!

Low maintenance, spacious living sounds like a dream come true in this busy world we live in! 63 Steele Street hits the market in fine fashion with a solid constructed 3 bedroom home & beautiful green lawn. The bedrooms are all generous in size and have built in cupboards & split system cooling. The lounge / dining / kitchen have been thought out well with traffic flow in mind, and makes for a great family space to enjoy with brand new split system installed recently! The kitchen has more than ample bench & cupboard space as well as the neat breakfast bench for all those important discussions that happen in the kitchen. The separate toilet and bath tub/shower combo makes the home versatile for all ages.

There is a cute patio that enjoys shade from a solid western wall and a full sized, lockable area underneath area that easily fits 2 x cars, as well as all the storage you need and your laundry machines as well. The lovely green lawn immediately makes the whole home feel cooler and the fenced yard means it's an easy transition for your family pets. Add on a recently installed 8.5kW solar system and you really have nothing to do except move in, make a coffee and call this place HOME!

Call today & jump on this "Good as Gold" house before someone else beats you to it!
