Luminous design, leading lifestyle

Destined for a vibrant family, this smartly appointed home has the features and spaces you're searching for, crowned by 10 foot ceilings. Desirably located, it's a haven you'll want to invite everyone to enjoy.

A central hallway sweeps to a vast kitchen, living and family room, where glass doors access an expansive deck and backyard. Quality Bosch appliances meet with an integrated fridge/freezer from Liebherr, perfectly complemented by a waterfall counter and soft-close drawers in a gourmet's heaven.

Four newly carpeted double bedrooms with built-in robes highlight one with a study nook and another with walk-in robe and chic ensuite. Also fully tiled, the sleek family bathroom hosts a deep bath and is enhanced by a powder room.

Solid timber floors, heating, refrigerated cooling, a long driveway and shed/workshop top a strong list of features. A stroll to trams, parks, schools and cafes, zoned to Strathmore College, it's attractive from every angle.
