Art Deco charmer delivers period detail and convenient locale

This majestic freestanding Art Deco marvel beckons discerning buyers looking for a unique period style home in an accessible location. Filled with period charm and recent updates, the home is set on a generous allotment presenting an impressive proposition for young families or downsizers alike.

Set back from the street, step inside the home and take in the eye-catching elements from its century-old heritage, including gorgeous decorative ceilings and cornices, picture rails, high skirting, and a grand fireplace in the front formal living area.

Two front bedrooms host mirrored robes, with the third bedroom presenting home office flexibility. A bright kitchen adjoins a rear open plan living/dining space, which opens out to a generous backyard. Further highlights include central bathroom, laundry, second bathroom, ducted central heating, split system heating/cooling, huge side driveway and carport parking which doubles as a covered alfresco or play area.

The ultra-convenient locale delivers quick commutes, with easy freeway access and trams stopping nearby. Ample retail and restaurant options sit right near your door, including Essendon Village, Keilor Road and Essendon Fields. Stroll to nearby Vin Jervis Reserve and the gorgeous green spaces of Woodlands Park.

We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
