Perfect for those seeking a harmonious balance between work, relaxation, and outdoor living, this property is designed to suit a variety of lifestyles. One of the standout features of this home is the shedding-and it truly is a highlight you won't want to miss! The massive 6-bay shed has been expertly converted, offering a multitude of possibilities. A third of this expansive space has been transformed into a man cave, complete with a bar and a split system for year-round comfort-creating the perfect spot for entertaining friends, watching sports, or simply relaxing. The remaining area of the shed provides concrete flooring, power, and ample room for storage or even an additional living area. Above the man cave, accessible via the garage, is a mezzanine storage level that adds even more versatility to this already impressive space. The outdoor spaces don't stop at the shed-there's also an outdoor studio, which could easily serve as another bedroom, office, gym, or art studio, offering even more flexibility. The studio is fully powered and includes a split system for comfort. Additionally, the garden shed provides extra storage for tools or gardening supplies, while the expansive backyard is perfect for BBQs, family gatherings, or simply unwinding after a busy day. Upon entering the home, you'll be immediately struck by its contemporary design and abundance of natural light. The open-plan living space seamlessly connects the modern kitchen, featuring quality 900mm appliances, with the dining and living areas, creating a warm and inviting atmosphere. Large windows throughout the home allow sunlight to flood every room, enhancing the sense of space and tranquility.
