## **Great Renovation Potential**

Ideal for a handy person looking for a project, this original fibro clad workers cottage presents as a great opportunity.

The floor plan features 3 bedrooms, a basic kitchen with an original cast iron fuel stove, a formal lounge room with gas heater, a dining room, and a combined bathroom and laundry.

The block is level and low maintenance, and there is a single carport and a garden shed.

Unlock the potential and add value to this old timer.
