Excellent Flat Allotment with 22.97 metres of frontage

Great opportunity to purchase a flat building block which has been fenced on 2 sides. This block has mains water in the block but will require your own water meter connected when you build. There is a sewer connection point out the front to connect to sewer later. Power is connected to the allotment

The block measures 852m² and has 22.97m of frontage which makes a huge difference when building and backing in your boat or caravan to your shed.
