10 George Street, Majors Creek, NSW, 2622

Type: Land

The Creek at Majors Creek

3 hectares with Majors Creek flowing down the heart.

Just a hundred metres to the pub with sealed road, power at front. Well fenced with relatively new fencing.

A part of local history where those now in their 80's will tell you there was a swimming hole popular with the kids and water was pumped to nearby homes. This is still possible and who knows you might even find some gold amongst the old mullock heap.

Very well priced to attract an early sale.
