1284 Laceys Creek Road, Laceys Creek, QLD, 4521

Type: Land

Eco adventure and solitude from our busy lives.....

Do you desire to escape from it all?

This beautiful, forested 2.5 acre block is a true escape from it all, whilst only 15 minutes from the heart of Dayboro, "TheTown of Yesteryear".

Owned by the same family since 1984, it is truly a beautifully private and peaceful retreat. The current owners have enjoyed their weekend getaways which have included swimming in Laceys Creek which runs along the boundary line of the block. Other pleasures included luxuriating in an outdoor bath and enjoying their alfresco barbeque and sundowners.

The block has a good cleared area, for potentially building your dream home. This area offers views towards the creek and is tucked away from the world. The block comes complete with 2 garden sheds with concrete poured floors and storage container, which gives you the option to just enjoy the block as it is.

Some of the flora include, white & purple Wisteria vines, Candle Nut (*Aleurites moloccanus*), Grafted Loquat "Bessie Brown", Silky Oak, *Tabebuia Pallida*, a huge Sausage Tree (*Kigelia*), Jaboticaba which is in fruit and many many more....

Sit back and marvel at the birds nesting in the surrounding bushes including Scarlet Honeyeaters which you can hear calling throughout the day and the beautiful Wrens, Yellow Robins and Whipbirds. Watch the fireflies at dusk and early evening which look like tiny fairies flitting in and out of the naturally occurring bottle brush along the creek.

The current owners have decided it is time for another family to enjoy weekend camps and their own memories. If you truly desire to switch off and enjoy the nature which surrounds you, then you must view this block to appreciate all that it offers.
