## **\*\*Stunning Residential Land Opportunity in White Peak!\*\***

White Peak is arguably Geraldton's premier northern suburb featuring numerous blocks in the vicinity of 2.5-3.0 acres as is this one, with space and still only 15 minutes to all of the great things that the area has to offer.

The quality and size of the existing homes are testament to the long term commitment current residents have felt the need to build their forever dream homes.

This particular block is situated in possibly the most elevated part of this street and the ocean views are of the highest quality with exquisite summer sunsets a regular occurrence while still being one of the few free of charge experiences life currently has.

So if you are looking for the dream home with the man size shed, below ground pool, landscaped gardens and a vegie patch providing your own produce on your plate every evening, these options are a real possibility once the purchase of this block is completed.

Why wait for the perfect home to come to market and most likely competing with other buyers to secure it when you can buy this block now and have exactly the home and extras you have always desired.
