The Possibilities Are Endless

Retiring? investing or stepping into the market?

This is an opportunity to create a home that is purpose built to your needs and future fit your lifestyle change, growing family or suit your investment portfolio.

For ease of building the vacant block is a uniform shape, above minimum lot size with the ability for a single level residence, with all town services are available to the site including power, water, sewer, gas and NBN.

The elevated location on the high side off the street offers opportunity to capitalise on the rural district views, and the benefit of a Northerly to rear aspect for lifestyle and convenience.

One of the few remaining lots left in Darraby, with construction of homes now completed on both sides, and positioned in a quiet local traffic only street minutes from Moss Vale town centre and all local amenities.

Formal Identifier: Lot5303/DP1271907
