Perfect Scrub Block For That Private Weekend Getaway

A great opportunity exists to secure an environmental and conservationist dream getaway known as "Yunga"! 105.2 ha or 259 acres natural Mallee scrub and native bush with some small open areas, including majority being under Heritage Native Vegetation Act 1985, approx. 20km west of Warooka.

No power or water, however the possibility of getting underground water may exist as there are active wells nearby.

Enjoy the all natural wildlife such as Birds, Kangaroos, Emus as well as the natural flora that surrounds you in your peaceful & private weekend getaway.

This area would be the perfect block to escape life's pressures and simply relax.

For some-one looking for a bush block to camp in with seclusion and close to nature, this block could be your answer!

There are two Hunting tents for your personal stay already in place to make camping easier.

Only approximately 1.5 km dirt road driving on Point Souttar Road to Yorke Highway bitumen road.

To enter this property you need to call Allison Thomson for an inspection or if you require more information.
