Type: Land

Serenity with Creek Frontage

This 18.30ha (approx 50 acres) property has undulating hills and valleys with numerous level home sites and runs down to a creek frontage on the south western side of the block.

Would make a great weekender, hobby farm or permanent residence where you are able to build the dream home you have always desired, with plenty of room to move.

Located approximately 10 minutes' drive from the ever expanding township of Sorell, with a wide range of shops and services, school and sporting facilities.

This is a great block set in a peaceful serene location, yet still close to services, what more could you ask for!
