COUNTRY LIVING AT IT'S BEST: Stunning city and district views

It is becoming increasingly difficult finding large level blocks of land in a semi rural location, close to the city, schools and amenities. This beautiful big, fully fenced block is only 7 minutes to Newstead shopping centre and 12 minutes from Launceston city centre.

The land offers fabulous views down the northern midlands towards Evandale and back across the city, and is perfectly positioned to build your dream home and a large shed for all the boats/bikes/cars/trucks, all manner of toys.

There are no covenants or easements on design or construction materials which allows you to design your home to your requirements and taste.

There is a standard offset for buildings adjoining the road and neighbouring rural land, simply design to council planning approval and enjoy the semi rural lifestyle.

For full details please call to arrange an inspection.
