## **Premier Building Block**

If location matters when building your dream home look, no further than this large 674m<sup>2</sup> (approx.) corner block in Burnie's most sought-after development. There is much to enjoy about this rare opportunity for a corner block in a prime location and with mountable curbs you will have the freedom to design your home specific to your desires (STCA). Bathed in sunlight all day and at the entry way to the soon to be released final stage of the sub-division - if building isn't in your immediate plans, sitting on this and waiting could very well see you benefit from future gains when values inevitably increase. (please note - block will be vacant possession for completion).
