Larger allotments are getting harder to find in newer residential estates making this 887m² allotment very desirable. Boasting a 13.86 metre frontage opening to 36 metres at the rear this generous allotment allows for multiple home design options whilst leaving access to the rear yard for shedding, swimming pools or other family applications. Offering a North to rear solar orientation perfect for solar panels and allowing warm winter sun to enter family living and entertaining areas. Usual services are available for connection including reticulated sewer, town water, underground electricity, gas and NBN optic fiber to the premises, titles due for release early 2025.
