Vacant Block of Land for Sale

This vacant block of land is the perfect opportunity to build your dream home in the picturesque town of Myrtleford. The block is located close to all amenities, including schools, shops and parks.

It is also just a short drive to the mountains and wineries of the Alpine Valleys.

The 955m² block is rectangular in shape, in a newish development with great views. With plans, engineering and soil tests already complete, this land is ready to be built on straight away.

With not a lot of vacant land on offer this is a fantastic opportunity to secure a large block of land in a desirable location.
