A Special Place Near the River

Taree West is the prime location for this near level 809sqm lot.

Surrounded by a large reserve on two sides and with an outlook to the nearby Manning River and riverside park, this allotment is a rare find indeed.

Yes, it is affected by flooding and you need to build a two storey home to comply with regulations, but the rare inconvenience is well-compensated by the privacy, river and rural outlook, location and the very affordable price!

Call Wayne Shultz on 0417 353 011 for more information.

Agents Note: a recent survey report is available.
