Endless Possibilities

This magnificent allotment arguably has the potential to be one of the most desired properties on the West Side of Port Augusta. Located on the waterfront, it's only a short stroll to the supermarket, pharmacy, doctor's surgery, licensed premises, swimming beach and boat ramp. The views are simply stunning, taking in the Flinders and Baxter Ranges, Spencer Gulf, wharf and city lights of Port Augusta. With council approval, you could build a similar double-storey to the ones surrounding.
