Powered Cataract River Frontage.....

This lifestyle property located midway between Tenterfield and Drake has excellent access with its frontage to the Bruxner Highway and comprises approximately 5.26 hectare or 13 acres.

The property has approximately 450 metres of frontage to the Cataract River, providing a magnificent source of water for both domestic and stock purposes and a playground better than most.

The colorbond shed (not approved for residential occupancy) provides great camp accommodation with 3 bedrooms, open plan kitchen / living area, bathroom and attached carport and is powered by a 16Kw off-grid solar system with a 10kVA automated generator backup.

This lifestyle option is a level above most with its location, River frontage, powered amenities and access to the nearby State Forests and National Parks.

Call today as this one will not last long!!!
