Set just behind the Main Street is this level and flat Township Zoned building block. With all the normal Council approvals this block would be a great spot to develop considering the Mineral Sands Mine proposed for the area. The block is app 15.4m wide and 40.2m deep. The power is across the road and town water is in the nature strip. The sewer is in the block behind. Take the first step and purchase this fantastic entry level piece of land. Please Note. The Yarriambiack don't have this piece of land individually rated yet as it is rated with the shops facing Main Street and is actually officially know as part of 91 Main Street.
