\$90k

A fantastic block of land located to the south western edge of the township. Power is available and water is already connected. Dimensions 15.24m x 60.96m. A service easement 1m width runs along the entire north eastern (side) boundary. Boat ramp is a very direct route being a straight line 730m up the road and into the water. Opportunities to buy land under \$100k are scarce. Drop a neat transportable here and you might find yourself out on top already!
