\$165,000

Situated on the embankment of Forest Creek and within a couple of hundred metres of the Expedition Pass Reservoir, this parcel would have witnessed any amount of shenanigans through the heady days of the Gold Rush. The parcel of approx. 1170m² has two road frontages and has the availability of mains power and mains water with some shade trees creating a wonderful parcel to retreat to. PLEASE NOTE - This property is zoned farming and does not have a planning permit.
