Land is in increasingly short supply in Brassall, in Ipswich and in south-east Queensland for that matter.....BUT I am very pleased to announce that you have an opportunity to secure Brassall's best available home site. The developer was looking to retain this home site for themselves due to its many credentials and it being the 'pick of the litter' but I'm happy to say I have convinced them to let it go. Why buy a small 'dime a dozen' piece of land in Ripley that half its size price when you can secure this premium home site in a suburb where land supply is extremely limited. This blue-chip home site is part of a boutique land release and its BIG in all respects.....It is BIG in area!725 square metres! It has a very BIG street frontage!25+ metres! It provides potential for BIG views and BIG breezes!.....It offers BIG potential for your building designer and builder! It ensures BIG benefits for your family and your lifestyle! Build your dream or simply sit back and watch its value continue to increase. Call now to avoid disappointment....
