QUALITY GRAZING LAND, STUNNING VIEWS, RENOVATOR HOME!!!

Block Size - 64.69 ha approx (159.85 Acres)

Bedrooms - 3

Bathrooms - 1

Car Spaces - 3 undercover and lockup

Features - Grazing, hill country, fruit trees

This property is situated just 50 kms from the Gatton CBD. The home is slightly elevated on wooden stumps. There are 3 bedrooms and a sunroom currently the lounge. A large dining room with access to the bedrooms. There is an L shaped kitchen and dining/sitting area. The laundry is down 3 steps at the back of the house. This home is definitely for the renovator or someone looking to build from scratch.

The land is excellent for grazing with impressive hill country and trees. The owner says there is about 20 acres of good flat land at the top. There are currently mango, mulberry, macadamia, fig and custard apple trees on the property.

There is good underground water and a bore (unequipped) but would pump to the house tanks and header tank.

Call now for your private inspection.
