BRILLIANT BELLENDEN KER NORTH QUEENSLAND

If you're looking for an amazing block of land - 33 acres with 500m of creek frontage on Harvey Creek on the rear boundary and 300m frontage along Ellis Road, town water and power connected then this is the one for you. Located at the foot of Queensland's second highest Mountain Range Bellenden Ker rising 1593 meters above sea level, Harvey Creek runs continuously with pristine mountain fresh water. Only 30/45 minutes' drive from Cairns, 150 Ellis Road was once a tropical fruit orchard and these magnificent trees still stand. The property has a three phase water pump station located near the creek all connected to irrigation pipes. A natural swimming hole exists for your personal use as no other access is available to the public.

The section of the block running parallel to the road has plenty of room to build your house, barn etc. It is only 900m from the turn off to the Bruce Highway and there is huge potential for other uses such as private camping or self-contained RV stop over etc. Let your imagination run on the possibilities.

With Cairns expanding south, this property is in a prime position, not too close and not too far away to stay connected.
