Classic Terrace Appeal

This classic terrace has been re-imagined to hold on to all the charm and character of yesteryear with all the modern conveniences of today. The new kitchen and bathroom are just the start of the modernisation of this stunning semi-detached terrace. Stroll to all that Darling Street has to offer or spend your mornings in the privacy of your own courtyard away from the rest of the world. Two large bedrooms with the natural character of timber floors. Don't even consider doing renovations, take advantage of someone else's hard work and move into this low maintenance property today and start to enjoy. Be warned, be quick! This one won't last.
