## **7/20 Dido Street, Kiama**

This Architectural Art Deco inspired renovated townhouse has sweeping views over rural landscape and the coastline. House size more than townhouse, it has an abundance of space with larger than normal living, dining with kitchen servery, 3 bedrooms, ensuite from main, WIR, bathroom and second living/studio space and storage, double garage, 3 balcony areas and a beautifully landscaped courtyard.

The elevated location in this boutique complex captures the most desirable easterly aspect and the benefit of ocean breezes.

A predominantly double brick construction throughout and many design features such as curved glass brick stairwell, cathedral like ceilings to large main living area and much more.

This is the ultimate townhouse residence in this private location.
