Nestled in the heart of Highett, this newly completed townhouse offers a sophisticated and elevated living experience. With 125 square meters of sleek, modern space, this 3-bedroom, 2-bathroom gem rises to new heights of design and style. A short 200 meters from the rail and buzzing hospitality hub, the property balances convenience and prestige. The home is designed to capture sunlight from the north, with a tiered courtyard ideal for sun-soaked relaxation or entertaining. Inside, the kitchen is fitted with state-of-the-art Smeg appliances, perfect for the home chef, while the bathrooms exude luxury with full tiling and brass fixtures. The master suite on its own level offers tranquility, while a cleverly designed study area makes working from home a breeze. Smart features like reverse-cycle climate control, video-intercom, and alarm security complete the package. Adding to the appeal is a private double garage at basement level—a rare find. With bushland and playgrounds nearby, and the vibrant retail and dining scene just steps away, this townhouse epitomizes the best of Bayside living.
