Boutique cul-de-sac living with sparkling city views

With just four residences in this boutique cul-de-sac complex, peace and privacy come naturally. Thanks to its elevated northerly aspect, this apartment is bathed in natural light and offers dazzling city views that truly shine at night.

Inside, the open plan layout creates a bright and inviting space, with a functional kitchen featuring an electric cooktop. Step outside through the glass doors to the patio, where alfresco enjoyment pairs beautifully with those stunning views. Two carpeted bedrooms with built-in robes are serviced by a neat shower bathroom, while a carport and shared laundry complete the package. Ready to enjoy as is, you could also add a splash of fresh décor or modern updates to elevate this apartment even further.

Here, the best of Newcastle living is within easy reach. Wander down the hill to Darby Street for a coffee, grab your essentials at Harris Farm, or pop into Genesis Gym for a workout. Cool off with a swim at the Bogey Hole or catch a wave at Newcastle Beach. For a summer picnic, King Edward Park is just around the corner.
