JUST SO COOL!

This home has so much to offer on wonderfully wide Varden Street. Step through the red door to a large lounge/kitchen/dining area which continues on to the delightful rear garden, pitched patio and spa/swim pool. Add to that a powered colorbond shed which has loads of built-in lockable storage and a roller door to the rear parking area.

There are three bedrooms with built-in storage and an ensuite to the main bedroom and roller shutters for privacy and the shift workers in the family. The main bathroom houses a shower, vanity and spa bath alongside a separate WC.

The home is connected to a solar inverter system and natural gas for cooking and hot water. There are two reverse cycle airconditioning units for all season comfort. The fencing at the front of the home has dual opening gates to allow for extra parking i.e. the caravan and work vehicles.
