Low-Maintenance Investment

Situated in a small complex of just five other units, this brick unit is attractive to investors or downsizers. From the patio, you'll enter in the open plan living/dining area, with reverse cycle air-conditioning, tiled flooring, and tidy adjoining kitchen. There are two bedrooms with carpeted floors, and an updated bathroom next to the internal laundry. The unit has been recently painted and is well-presented throughout, with additional features including security screens and ceiling fans.

The unit has its own private courtyard plus an off-street parking space. The property is currently rented at \$320 a week with a lease in place until April 2025, making this a convenient, ready-made investment. To arrange your inspection, contact Rob Horder 0439 135 125.
