Sea view home

This elevated, low maintenance home benefits from polished wooden floors and mountain breezes.

Situated in a quiet little cul-de-sac of just 12 properties on a private road and has 4 parking bays.

Mature trees complement the back yard and sea views can be gained in the background.

3 bedrooms with built in robes and fans and an open plan kitchen, living and dining area all on one level.

This entry level home would suit all different types of buyers and will not be on the market long as the owner resides overseas and wants it sold.
